

ALLSCRIPTS™
Inform. Connect. Transform.

Prepackaged Medication:

Allscripts offers the highest quality, A-rated, brand and generic medications, prepackaged in prescription labeled, unit-of-sizes at our FDA compliant facility. Medications are bottled, safety-sealed, and labeled in compliance with federal and state regulations, allowing for efficient and easy on site dispensing.

Benefits of On-Site Dispensing:

For the Physician

- Generate incremental revenue for the practice
- Maximize patient convenience and satisfaction
- Strengthen physician/patient relationship
- Differentiate practice by retaining and attracting new patients
- Increase compliance and improve outcomes

For the Patient

- Convenience – Patients receive medication right in doctor's office
- Confidentiality – Consultations and prescription questions are answered in privacy of doctor's office
- Compliance – Patients receive their medications immediately

Trusted Leader

Since 1986, Allscripts has been the pioneer and trusted leader in providing point of care medication management and distribution solutions.
